Let's capture your event.

Hi I'm Jessy, Owner of The Pink Tank Creative & Sol Tank Studio.

As a **roaming photographer** my goal is to become part of your event, making sure your guests feel at ease and comfortable around the camera, all while capturing your desired shots.

I'll jump on the dance floor and get those wild party pics, capture the event styling details, grab those posed group shots and of course snap those candid moments between guests.

With over 10 years experience in the photography industry, I use my expertise to ensure your moments are captured skillfully and professionally.

Testimonials

I've worked with Jessy from The Pink Tank Creative for over six years across a wide variety of events, from formal corporate functions to high-energy, themed parties, and she is incredibly versatile.

I trust her judgement 110% and never need to brief-check or hover; she always nails the brief and captures every single shot on my list, every time. Jessy goes above and beyond to understand the run sheet, the client, the event's background, theme and audience, which is reflected in how seamlessly she captures each event.

She brings a fun, positive and completely non-awkward energy, instantly putting guests at ease while remaining highly professional (always with a smile and a touch of laughter). She's everywhere, on the dance floor, in the mosh, on stage, on chairs or on the floor, whatever it takes to get that epic shot. Her galleries consistently exceed expectations, and she always delivers on time, often ahead of schedule.
